

Description

PROTEAN White Grease is a NSF: H1 registered, spray-formulated, water resistant lubricant - ideal for use on roller and needle bearings and chains. Suitable for use within Food & Beverage, Packaging, Pharmaceutical and other cleanroom environments.

Benefits & Features

- NSF: H1 registered
- Effective to high temperatures
- Water resistant - suitable where frequent washing down of equipment occurs
- Corrosion resistant
- Temperature range: -20°C to +200°C
- 360° valve for inverted use

Directions for Use

- Store out of direct sunlight and below +50°C
- Consult the safety data sheet prior to use
- Shake aerosol well before use
- Clean area to be sprayed of all dirt, grease, grime and water prior to use
- Spray evenly onto the surface from a distance of 20-30cm

Technical Data

Category	H1 (lubricant with incidental food contact, for use in and around food processing areas)
NSF Certificate No.	139270 Does not contain any genetically modified ingredients, nut oils or animal derivatives
Appearance	White/creamy light grease
Odour	Slightly sweet
Contents	Blend of grease with pentane solvent and propane / butane / isobutane propellant
Flammability	Extremely flammable
Storage	Out of direct sunlight, below +50°C
Flash Point	-60°C
Temperature range	-20° to +200°C
Relative Density	0.74
Solubility in water	Insoluble
Pack Sizes	12 x 400ml cans
