

Description

The TYGRIS OneWipe™ can be used by professionals in all trades and will clean almost anything!

These large, strong and absorbent hand wipes contain a powerful heavy-duty cleaner which is proven to remove tough stuff whilst remaining safe for use on hands. Antibacterial in nature, OneWipe™ Hand Wipes require no rinsing of the hands making them not only safe on skin but also an everyday essential for professionals in all trades.

The OneWipe™ Hand Wipes are extremely effective for the fast removal of contaminants such as dirt, grease and grime, oil, ink and petrol from hands tools, and work surfaces. They will even clean up adhesive, bitumen, expanding foam, epoxies, jointing compound, mastic, paint, polyurethane, polyester fillers, sealant and many other wet and semi-cured substances.

Benefits & Features

- Highly absorbent material
- Specially formulated to remove common contaminants found in most trades and industries
- Anti-bacterial by design
- 110 wipes per TYGRIS tub
- Foil sealed for freshness and long storage life

Directions for Use

Remove the container lid and tear off the seal. Locate the start of the wipes in the centre of the roll and feed through the opening in the lid. Replace and secure the lid and pull through wipes as required. To prevent wipes from drying out, close the lid cap immediately after use. Use only as directed.
