

#### Description

SK500(M) is developed for the absorption of all oil, water and common aqueous solutions. This is a high capacity spill kit in a tough 'Drop-Front' 4-wheeled bin that can be easily moved to the spill location. The SK500(M) provides a practical means of storage, as well as initial containment for absorbents requiring disposal after a spill.

#### Benefits & Features

- Absorbs up to 500 Litres
- The tough 4-wheeled bin makes the SK500(M) very easy to move around large sites.
- Ideal for absorbing Oils, Fuels, Solvents, Alcohols, Water & other common aqueous solutions
- Product identification label to eliminate confusion
- The 'Drop-Front' makes for quick easy access to the absorbents
- Contains Waste Disposal bags to ensure the waste is disposed of correctly
- Contains an easy to read, step by step Spill Response Action Leaflet

#### Directions for Use

1. Identify the type of liquid and ensure the safety of all persons in the vicinity of the spill.
2. In the case of hazardous liquids, be sure to wear appropriate protective clothing, i.e. gloves, goggles, coveralls.
3. Ensure that all drains are protected using drain covers.
4. Use socks or mats to prevent the liquid spreading towards the drains.
5. If possible, identify and stop the leak at source.
6. Use the mats to clean up the spill; dispose of soiled absorbents using the waste-disposal bag provided.
7. Report the incident!

#### Technical Data

Appearance	Yellow bin with Grey Absorbents
Contents	250 x AM111 Maintenance Absorbent Mats - Light 10 x AM141 Maintenance Absorbent Cushions 16 x SKC586 Special Waste Disposal Bag 1 x SKIL Spill Kit Instruction Leaflet
Pack Sizes	1 Kit
