

TYGRIS

SOLUTIONS FOR
GROUND CARE

Reduce Downtime, Increase Efficiency

TYGRISINDUSTRIAL.COM

The Demands of Ground Care

Ground care is a demanding industry, where machinery endures tough conditions and constant pressure. From heavy loads and shock absorption to exposure to moisture and corrosive materials, the upkeep of essential equipment is a constant challenge.

Key Challenges Include:

Corrosion: Relentless exposure leads to rust, corrosion, and the seizure of critical components like nuts, bolts, and threaded connections, making maintenance difficult and causing premature failure.

Bearing Failure: Engines and fuel systems become clogged with grease, oil, gum, and carbon deposits. Machinery is subject to shock loads and intense stress, causing premature bearing failure.

Heavy Loads & Impact: The moving parts of groundworks machinery—such as bearings, chains, and wire ropes—are subjected to extreme stress, heavy shock loads, and constant friction.

Clear and Durable Site Marking: Faint or temporary markings can lead to errors, project delays, and safety incidents.

TYGRIS: Your Partner for Ground Care Maintenance

TYGRIS understands these challenges and offers a comprehensive range of high-performance lubricants and maintenance products designed to maximise equipment lifespan, minimise downtime, and boost your bottom line.

Contents

Addressing these challenges requires the right solutions. The following sections contain solutions designed to keep your Ground Care equipment running smoothly and efficient.

Solutions For Ground Care

Seize Release Penetrating Oil

An advanced penetrating oil with a shock freeze action which rapidly freezes seized components, causing micro-cracks in rust layers allowing rapid penetration of the lubricant.

Benefits:

- Reduces component temperature to -31°C
- Causes micro cracks in the corrosion which allows entry of penetrating oil
- Safe for use on most materials
- Silicone Free
- 360° valve for use at any angle

PRODUCT CODE

R275

SIZE

400ml

Clear Penetrating Oil

A clear low-viscosity oil based product used to aid the freeing of seized nuts and bolts, hinges, locks, tools and fittings with a fast penetrating capillary action. Leaves a clear protective film to guard against further corrosion.

Benefits:

- Low viscosity for maximum penetration
- Easy to apply and works quickly
- Leaves a protective film against corrosion
- Suitable for light lubrication duties
- De-watering capability
- Petroleum wax reinforced for persistence

400ml

Super Lube Extreme Pressure

TYGRIS Super Lube Extreme Pressure delivers versatile and reliable performance. This PTFE-reinforced lubricant penetrates deeply, de-waters, lubricates, releases seized components, and protects against corrosion, ensuring your equipment stays operational.

Benefits:

- Contains extreme pressure additives
- Effectively penetrates and releases
- De-waters and inhibits corrosion

SIZE

400ml

Break Cleaner

High-performance, fast-evaporating brake and clutch cleaner designed to cut through the grime that causes failure. Whether it's oil, grease, brake fluid, or dust.

Benefits:

- Breaks down oil, grease, and brake dust in seconds
- Fast-drying formula leaves surfaces clean and dry—no rinse needed
- Reduces brake squeal & clutch slip
- Non-chlorinated: Safer for operators, effective on metal, ceramics, and most plastics
- Effective on brake discs, callipers, drums, clutches, and metal housings

Maintenance Solutions

Graffiti Remover Viscous

Ideal for safe graffiti removal and can be safely used on a wide variety of surfaces including wood, glass, metal, most painted surfaces, plastics and polycarbonates.

Benefits:

- Thixotropic to aid in clinging to vertical surfaces Water washable
- Slow drying for better penetration
- Removes paint, biro, felt tip pen
- Easily applied
- Non-chlorinated
- Also effective in the removal of old gaskets

R251	400ml

OneWipe Handwipes

OneWipe has been specifically developed for use by professionals in all trades. These large, strong and absorbent wipes contain a powerful heavy-duty hand cleaner which is proven to remove tough stuff whilst remaining safe for use on hands.

Benefits:

- Specially formulated to remove common contaminants found in most trades and industries
- Anti-bacterial by design
- 110 wipes per TYGRIS tub

PRODUCT CODE	SIZE
HW101	

Hydro Tough 100

Safe and effective solution for tackling heavy fuel oils deposits, stubborn greases, bitumen, resins, waxes and aged oil contamination.

Benefits:

- Outlasts conventional cleaners/degreasers
- Acts as a bio-accelerator for complete breakdown of hydrocarbons
- Prevents grease and oil build up
- Extremely effective and economical
- Ideal for removing heavier contamination deposits
- Renders hydrocarbons non-flammable
- Aids biodegradation
- Biodegradable

TB2025	25 Litre

MAINTAIN101

Multi-Purpose Maintenance Spray

MAINTAIN101 easily penetrates and releases seized corroded components, which not only increases component life but makes any assembly or disassembly in the future much easier.

Benefits:

- Handles a wide range of maintenance tasks
- Keeps your surfaces clean and free from residue
- Guards against corrosion and moisture

PRODUCT CODE	SIZE
V101	400ml

Maintenance Solutions & Site Safety

Atmotec 50

Medium term metal protection for indoor storage applications. Will protect bare metal for up to two years under normal storage conditions.

Benefits:

- Excellent de-watering properties
- Light film - no need to clean before assembly
- Contains finger print suppressant
- Good coverage
- Excellent demulsification
- Low odour
- Drying Time 30 minutes
- Non Volatiles 16%

Zinc Glav Spray - Heavy Duty

Provides active metal protection against corrosion and an excellent primer coat. The sacrificial properties of zinc contribute to an effective defence against oxidation should the coating become damaged.

Benefits:

- High zinc content for maximum corrosion protection, including salt spray
- Zinc powder in the product is of high purity
- Can be used on previously coated surfaces
- Can be over-coated

Line Markers

Stripeline Marking Paint

Our Line Marking Sprays are available in a spectrum of colours, paired with versatile applicators to meet diverse needs. Backed by the TYGRIS Guarantee for Life, our products ensure unparalleled quality, making them a reliable choice for your marking requirements.

Whether you're marking lanes, zones, or safety areas, TYGRIS provides top-notch solutions for clear and durable markings. Enhance safety and organisation in your workspace with our high-quality Spray Markers. Prioritise safety by consulting the safety data sheet before use.

Spill Control Solutions for Ground Care

Maintenance Spill Kits

Designed for quick deployment and easy disposal, these all-in-one kits are ideal for safeguarding your worksite or factory from all chemical, oil or water-based spills.

Don't let accidents disrupt your valuable work time – trust our industrial spillage kit solutions to ensure a swift, hassle-free cleanup.

Absorbent Pads, Socks & Pillows

Manage spills and handle workplace disruptions with TYGRIS Absorbent Mats, Rolls, Socks, and Pillows.

Designed to absorb various liquids such as oil, lubricating grease, chemicals, solvents, and water, our innovative range is prepared for any spill scenario.

Oil Absorbent Granules

Swiftly and effectively manage spills with TYGRIS Oil Absorbent Granules, a crucial component of spill control processes. Our granules are designed to contain and clean up spills promptly and safely, ensuring a seamless spill response.

Choose from a range of options, including chemically inert clay-based granules, environmentally friendly Premium Absorbent Granules made from recycled materials, and Safe Absorbent Wood Fibre for safe incineration.
